# STAR Environmental Sustainability Scholarship 2022

The State of Texas Alliance for Recycling is a registered 501c3 nonprofit on a mission to advance recycling through partnerships, education, and advocacy for the benefit of Texas. We work to help recycling professionals, educate the public and lawmakers, expand access to recycling, develop infrastructure, and grow recycling markets in Texas.

As a part of our commitment to the growth of the environmental and recycling business community in Texas, STAR has developed a scholarship for educators or officially recognized student groups looking to start, enhance, or sustain environmental programs on their campus or in their community.

There will be a one-time award of \$1000 per year presented to one (1) officially recognized student group and up to two (2) Teachers at any level of education requiring funding to start, enhance, or sustain an environmental program on their campus or in their local community.

Applicants must meet the following requirements:

- Be a current officially campus recognized student group at any Texas college, community college, or university.
- Be a currently employed teacher at any level of Education in the State of Texas.

Applicants and previous recipients have the ability to reapply annually for the scholarship. Student groups and teachers may receive the scholarship up to four years for the same project.

Scholarship recipients will be highly encouraged to attend the annual STAR summit 2022 and TELA award ceremony.

Applications must be received by STAR by July 1<sup>st</sup> 2022.

All information provided by applicants as part of the application process for award of a scholarship shall be treated as confidential by STAR. By Submitting an application, you agree that STAR may use your name and/or image on its website and in any news releases or promotional materials it publishes about the actual award of any scholarship to you.
